2. The Chief Engineer, Madras, has suggested that if proposals for the setting up of a Committee on the lines recommended should materialize, the names of Sri Desai, the Consulting Architect Madras, who will return shortly from a tour in the United Kingdom and Sri Rao Sahib D. Rajagopalan, Executive Engineer who has been deputed abroad for gaining experience in foreign architectural practice, may be considered for appointment as members, and that the Committee may include also suitable men on the medical side fromthis Province. The suggestions are commended to the Government of India.
